RE: 2001 Site Management Plan. NAS Jacksonville, Florida

Dear Mr. Gaskins:

I have reviewed the above referenced plan dated August 2000 (received August 31, 2000). The plan omits the timeframes for the still unfinished work at two areas of OU-3 where the new CLEAN contractor is tasked to sample groundwater and to write supplemental text in support of monitored natural attenuation. I was under the impression that this work would be accomplished in 2001. I would also suggest that the 2002 SMP describes in detail the implementation of groundwater remediation and natural attenuation monitoring activities at each of the areas covered by the recently signed Record Of Decision for OU-3. I propose our team discusses these issues at our next team meeting.

If I can be of any further assistance in this matter, please contact me at 904/488-3935.

Sincerely,

Jorge R. Caspary, P.G.
